

Lorraine Michiels “Caught Being Good” Memorial Scholarship

The parents of Lorraine Michiels have established a memorial scholarship in her name, the "Caught Being Good Award".

The criteria for this award are as follows, as specified by her family:

1. **This scholarship will be voted for every year on April 10, Lorraine's birthday.**
2. The senior class will not be informed as to when the voting is.
3. This scholarship requires no formal application but preferably the student will be pursuing some form of higher education. Grades are not the most important criteria, but Lorraine did manage to stay on the honor roll in high school and college.
4. The name of this scholarship is a play on the "Caught Being Good" awards given throughout grade school, a weekly award that involved tickets randomly given to those "caught being good". The recipient of this scholarship has basically been caught being good.
5. We want this to be an honest scholarship. The recipient should be an obvious candidate. The family of Lorraine Michiels are expecting, as elders and educators, that students and faculty will make this decision in a wise and fair fashion.
6. Lorraine possessed all of these qualities: Kindness, brains, creativity, and knowledge beyond her years. She was able to see beyond the usual high school politics. The point of this scholarship is to recognize someone who would not necessarily be noticed for their deeds. Like Lorraine, we want someone who has a big heart to receive this scholarship.
7. The family stipulated that each senior in the graduating class votes for one person. Please do not vote for more than one person. The top four vote-getters will be submitted to the faculty who will make the final choice.

Please return with the results of your class vote:
